

- Rugged steel frame, valve box and storage stands
- Removable mounting plate for changing quick coupling lugging
- Single balanced point with eye for lifting the attachment
- Heavy duty steel chain feed assembly with hydraulic feed motor & hose hanger bracket
- 16 feet of feed stroke for 12, 14 or 16 foot drill steel
- Hydraulic cylinder feed extension pedestal with 5 feet of stroke
- Stabilizer leg for positioning the excavator while protecting the feed mast
- Remote hydraulic centralizer assembly for T38, T45 & T51 drill steel
- Traxxon TX590SR hydraulic rock drill (drifter) for 2-3.5" hole diameter size
- Adjustable and easy fill lubricator for rock drill lubrication
- Bosch Rexroth fully proportional hydraulic valves
- Bulkhead plate boom stick mounted and marked for quick and easy hose connections
- Cab mounted electronic over hydraulic drilling controls, metering and adjustable
- Adjustable drilling control's stand, including height, for operator comfort
- P/Q Electronic angle indicator with cab display
- Installation at Traxxon includes materials and labor, details below
- Two sets of parts manuals, accumulator charging kit, warranty and manufacturers startup

Options:

▪ Self-contained, hydraulic driven air compressor CFM & PSIG*	\$ 39,000.00
*Depending on hydraulic supply and requirements	
▪ QMP Model #125 Dust Collector w/ mounting & pre skimmer	\$ 25,500.00
▪ Drill Steel Changer for single 14' drill steel	\$ 22,200.00
▪ Supply and install cat walks, both sides	\$ 5,600.00
▪ Water system and reservoir tank for dust control	\$ 4,600.00
